

**Irish Sea
Conservation Zones**

Dear

Irish Sea Conservation Zones Stakeholder Group

Your name came forward as someone who expressed an interest in the ISCZ Stakeholder Group.

We had over 200 people/organisations who wanted a place, with several names for each interest. To ensure the Stakeholder Group size is manageable, we have had to limit the group size to about 45 and regrettably, we are unable to offer you a place.

We are working hard on developing other ways that people, who are not on the Stakeholder Group, can feed in their views. For full information on how to get involved with the project, please see the attached document ('Have Your Say') or call the ISCZ Liaison Officer for your area.

Laura Bates (Lancashire, Greater Manchester and Northern Ireland)
07891 842 228
